**BIO (100 words):** sydney khoo (they/them) is a nonbinary and aromantic asexual writer, born on Dharawal Country (South Western Sydney), to Malaysian Chinese parents.

They have a Bachelor of Arts in Psychology and a Masters in Creative Writing. Having worked at an eclectic mix of places, including a suicide prevention centre, tattoo parlour, publishing house, and medical clinic, sydney has found working in made-up worlds to be most fulfilling.

Though typically drinking bubble tea in Cabramatta, or reading fanfiction in a McDonald's carpark, they can occasionally be found writing poetry and stories at cafés with their dog Gizmo.
